**MAXITECH INTERNATIONAL L.L.C**

Fire Protection | Security & Automation | IT & Telecom | Electromechanical  
Trading | AMC | Design Engineering & Consultancy

## ABOUT US:

Maxitech Group is an ISO 9001:2015 Certified Company, with a pan presence in the Middle East, Singapore and India, a specialized turnkey EPC solution provider in Fire Protection & detection, MEP services for Industrial, Power, Oil & Gas, Large Commercial and Infrastructural Projects.

Maxitech International L.L.C. is an excellent grade company established in 2011 in the Sultanate of Oman, with a key focus in the field of Integrated Fire Protection & Detection, Security & Automation, IT & Telecom, MEP Trading, Design Engineering, Electro Mechanical and Project Management Services on turnkey basis.

Maxitech brings together young and experienced professionals from a wide range of disciplines and encourages them to look beyond the domains of their own specialization to come up with innovative solutions to guarantee highest levels of client satisfaction through an Out-of-the-Box though approach, woven dexterously with competent, timely, and cost effective solutions.

Our core strength is the pool of resources across our regional offices that ensure rich content of knowledge and experience enabling Maxitech as a Quality System Integrator providing a competitive edge through efficiency and flexibility. We strive to stay ahead providing concern for our customers. Maxitech is one of the top quality companies in the region that provide Integrated Fire Engineering Solutions under a single umbrella.

Our Goal is to satisfy customers by serving them with a Unique, High Quality, Cost Efficient Service complying with both local and worldwide standards, and in pursuit of this goal, being respectful and sensitive to the environment, while taking care of our worker's health and their occupational safety.

Our Moto is to serve with a commitment for the Safety of Life and Property providing product and service with a Guarantee of the Highest Standards in the Industry.

## SERVICES:

Experience, Knowledge, Creativity, and Technical Expertise are combined together in every service we offer. Services encompassing all areas of Design Engineering, Supply, Installation, Supervision, Testing Commissioning and Project Management are delivered with Synergy through multidisciplinary teams that provide the precise scope of work.

Fire Protection & Detection

Security & Automation

IT & Telecom

Design Engineering

**PRODUCTS:**

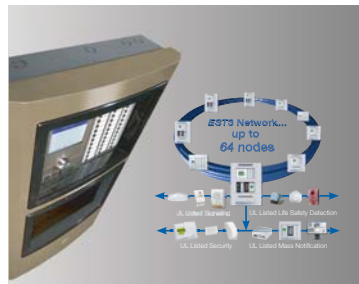

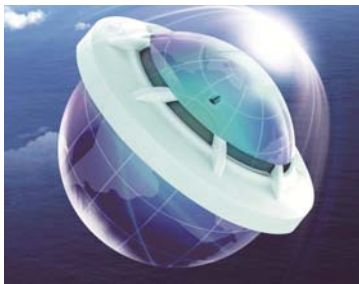

- Carbon Dioxide - Cardox Lp Co2 System
- Carbon Dioxide - Hp Co2 System
- Clean Agent Suppression Systems
  - FM200, Novec 1230, ADS
- Commercial Kitchen System
- Detection and Control - Conventional
- Detection and Control - Intelligent
- Dry Chemical System
- Heat Detection
- Inert Suppression Systems
- Marine Suppression Systems
- Notification Appliances
- Smoke Detection
- Vehicle Systems

**INDUSTRIES WE PROTECT:**

- Agribusiness
- Cement Plants
- Clean Rooms
- Cold Storage Warehouses
- Commercial Cooking
- Control Rooms
- Data Processing
- Dust Collectors
- Healthcare Equipment
- Heat Treating Processes
- Historical and Cultural Buildings
- Iron and Steel Hauling
- Marine
- Mining
- Oil Sands
- Paint Booths
- Petroleum Oil and Gas (Pog)
- Power Generation
- Printing Plants
- Prisons
- Record Storage
- Timber
- Waste Management

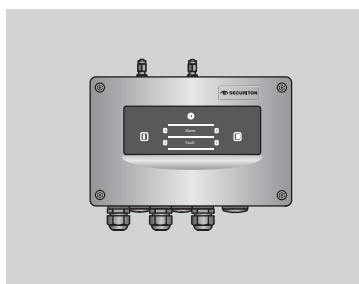

**PRODUCTS:**

- Life Safety Communication
- Fire Alarm and Mass Notification
- Life Safety Control Platform for Sophisticated Building Solutions
- Intelligent Fire Alarm for Small to Mid-range Applications
- Versatile Life Safety Solutions with Cost-saving Technology Built-in
- Conventional Fire Alarm for Small to Mid-range Applications
- Notification and Intelligent Detection
- Mass Notification Speakers
- Air Intelligence Aspirated Smoke Detection
- Edwards Signaling Hazard Warning Solutions
- Gas Release Control System
- Explosion Proof Products

**PRODUCTS:**

- Fire Alarm Detection and Notification
- Honeywell XLS Integrated & Network System
- Gas & Flame Detection
- Aspiration Detection
- PA-VA Systems
- Smoke & Heat Detection Systems
- Smoke Switch Systems
- Beam Detection Systems
- LHS (Linear Heat Detection) Systems
- Fire Door Control
- Seismic Detector
- Temperature Detectors

[www.peerlesspump.com](http://www.peerlesspump.com)

**PRODUCTS:**

- Vertical Industrial and Process Pumps
- Axial, Mixed Flow Pumps for Volume Pumping
- Encased Water & Process Liquid Pumps
- Vertical Turbine & Submersible Pumps
- Vertical Pre-Engineered Booster Pumps
- Industrial Sump Pumps
- Vertical & Horizontal Fire Pumps  
UL Listed and FM Approved
- In-Line Fire Pumps, UL and ULC Listed
- End Suction Fire Pumps, UL Listed & FM Approved
- Horizontal Split Case Single & Multi Stage Pumps
- Heavy Duty, Industrial, Paper Stock, Slurry Pumps
- Self-Priming Industrial Pumps
- Modular Multi-Stage Pumps
- General Purpose In-Line Centrifugal Pumps
- Vertical Enclosed Shaft Sump Pumps
- Sewage Pumps & Submersible Sewage Pumps
- Flush-Kleen® Clog-Proof Sewage Systems

[www.pentair.com](http://www.pentair.com)

**PRODUCTS:**

- Submersible Basin Mixers
- End Suction Pumps
- Fire Pumps and Systems
- Vertical Inline Pumps
- Jockey (Pressure Maintenance) Pumps
- Mixed / Angle Flow Pumps
- Propeller Pumps
- Screw Channel Pumps
- Self-Priming Pumps
- Solids Handling Pumps
- Split Case Pumps
- Vertical Turbine Pumps
- Vortex (Recessed Impeller) Pumps

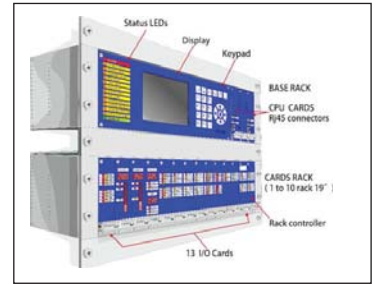

## PRODUCTS

- Fire & Gas Control and Monitoring System
- Gas Detectors
- Centralised Safety Systems
  - Gas Detection • Fire Detection
  - Fire Suppression • Fire Fighting • CCTV
  - Security System

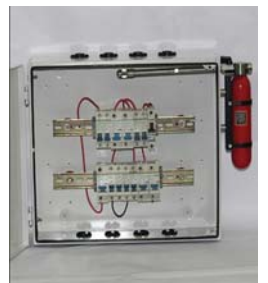

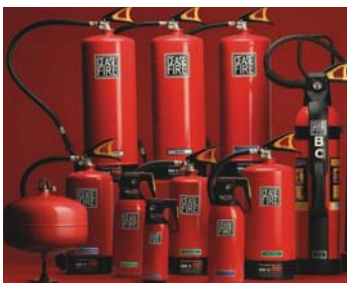

Silver-Tec Manufacturers a diverse range of Industrial fixed gas detection instruments to meet all applications and are designed to operate in the most demanding environments. We offer industry leading centralized safety monitoring system ST7-HV, system is programable PLC suitable for safety and security installation with a high technological economic content to ensure safety of people and protection of assets within commercial and industrial environment.

This system is ideal for production factories , military, naval, Oil & Gas, Petrochemical, Public Buildings etc.

## PRODUCTS

- Fire Extinguishers (Portable & Mobile)
- Watermist Based Fire Extinguisher
- Designer Home Extinguisher Series
- Clean Agent Based Extinguishers
- Wet Chemical Based Fire Extinguisher
- Metal Fire Fighter Spm Tec
- Metal Fire Fighter Spm Pyro
- B Plus (Petrol Pumps, Generators And Paint)
- Launcher
- CF 3000 Watermist Hydrant System
- In-panell Tube Based Fire Suppression System (CQRS)- Engineers And Pre- Engineered Systems
- Server Quick Response System (Sqrs)
- Kitchen Fire Suppression Systems
- Modular Suppression Systems

Under Maxitech portfolio we offer a broad range of world-class firefighting equipment and systems that have been meeting ever-changing and demanding industry standards.

Our product range is extensive, from standard fire-fighting products to most complex fire-fighting skids. We offer wide range of water and foam based products, even suitable for harsh environments.

Smart design, robust construction and minimum maintenance, it's our commitment to offer best quality products, you can completely rely on.

#### PRODUCTS:

- Sprinklers & Accessories
- Flexible Sprinkler Connections
- Alarm Valves
- Deluge Valves & Systems
- Water Spray Nozzles
- System Valves & Accessories
- Monitors
- Monitor Nozzles
- Foam Product
- Foam Proportioning Systems & Equipment
- Bladder Foam Systems
- Mobile Equipment
- Custom Engineered Systems
- Grooved Piping Systems

90 Years of Pioneering  
Work in Building Automation

**PRODUCTS:**

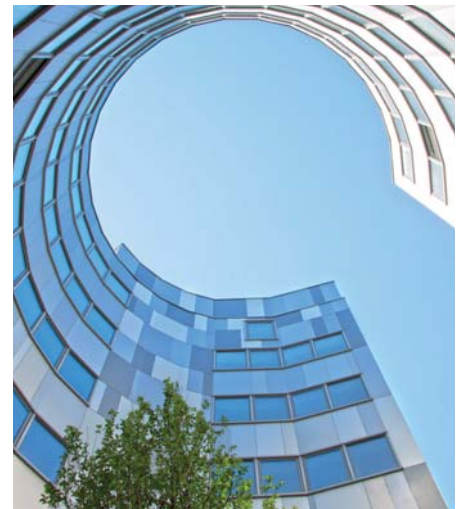

- Building Management System
- Room Automation & Solutions
- Energy Management Software
- Transducers
- Control Valves, Servo Drives

## Security Systems (Intrusion, Video, Transmission, Safety & Access)

**PRODUCTS:**

- Integrated security systems
- CCTV systems
- Alarm monitoring systems
- Access control systems
- Communication systems
- RFID & smart card solutions
- Radar systems
- IP Telephony
- Public address system
- Audio visual system
- IPTV system
- Clock system

## PRODUCTS

- Actuators & Controls
- Ball Valves
- Butterfly Valves
- Control Valves
- Gate, Globe & Check Valves
- Instrumentation Equipment
- Knife Gate Valves
- Pressure Relief Valves
- Pump Protection
- Steam Traps
- Tank Protection
- Triple Offset Valves
- Fire hydrants
- Resilient Wedge Gate Valves
- Double Disc Gate Valves
- Butterfly Valves
- Flexible Connector
- Bronze/Brass Valve
- Eccentric Plug Valves

**SECURITY AUTOMATION PRODUCTS:**

- Automatic barriers, bollards, sliding gates
- Turnstiles
- Bollards/security posts
- Road blockers & rising kerbs
- Speed ramps, flow plates & speeds tiles
- Under vehicle inspection, X-ray machines
- Border surveillance, remote monitoring
- Automatic Hinged Gates
- Automatic Bi Folding Gates
- Security Cabins & Kiosks

**PRODUCTS:**

- Waist Height Turnstiles
- Full Height Turnstiles
- Speed Gates
- Glass Line Series
- Half Height Turnstiles
- Movable Turnstiles
- Turnstiles Special Design Series
- Pedestrian Access Control
- Vehicle Access Control
- Anti Terrorism Crash Tested Automatic Bollards
- HRB Road Blockers

### SECURITY AUTOMATION PRODUCTS:

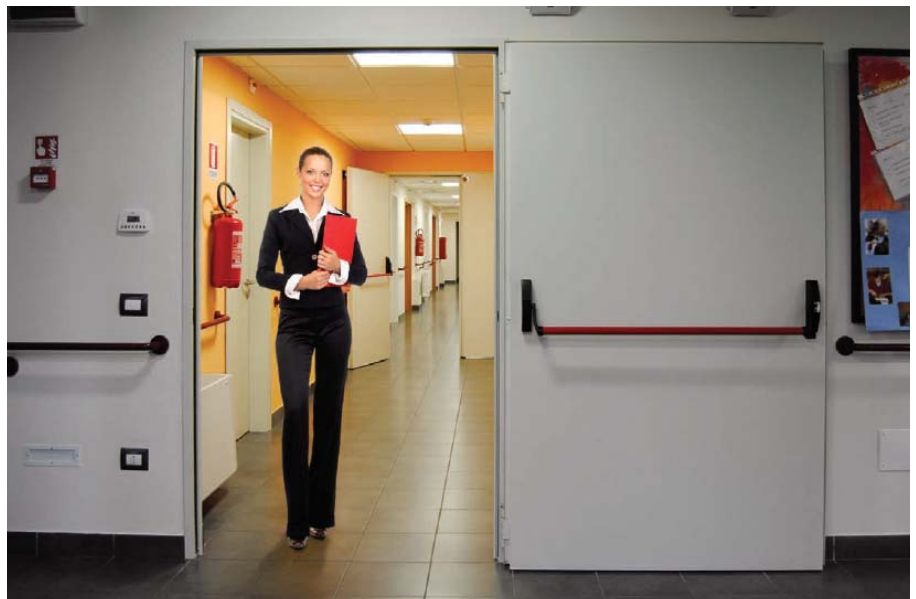

- Portable & Mobile Fire Extinguisher
- Hose Reels (Indoor, Outdoor & Industrial)
- Cabinets
- Landing Valve
- Breaching Inlet
- Canvas Hose
- Fire Hydrant (LPCB)
- Nozzle & Accessories

## ENDOORS®

### PRODUCTS

- Reversible Doors
- Handed Doors
- Special Doors
- Sliding Doors
- Big rotation Doors
- Glazed Doors
- Metallic Fire Rated and Multipurpose Doors
- Fire Rated Industrial Sliding and Hinged Gates

# AMC

## Fire Safety Equipment Maintenance Services AMC:

Whether your project requirements demand new construction design, existing construction design, tenant renovation or retro-fit design, Maxitech provide complete fire protection system services begin with our team of experts who provide coordination to ensure on-time completion from the preplanning stage to development to installation to service.

### Our Commitment:

- Timely execution
- Timely Service
- Efficient execution team

### Pre-Planning:

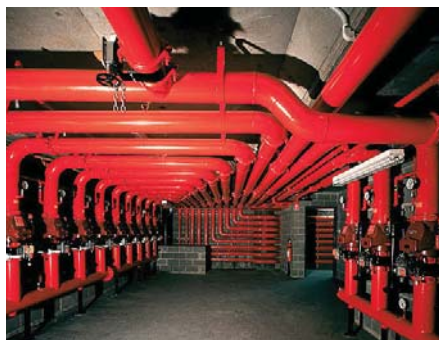

- Site survey and analysis
- Building use and code analysis
- FM and other insurance needs
- Waterflow analysis

### Service:

- Inspections
- Maintenance
- Repairs & Improvements
- Emergency Service

### Emergency Service:

Maxitech is there for you should you need emergency service for your fire sprinkler system, fire pump, preaction or deluge systems, backflow assemblies, hudsons or extinguishers.

### Full range of fiber optic cabling

- Telecommunication and Equipment rooms
- Testing and Certification to TIA / EIA & BICSI standards
- Extended warranties on installation

Our design and execution services include:

### Multimode and Single Mode Fiber Optic Systems

- Horizontal Cabling Systems
- Backbone Distribution Systems
- Horizontal and Backbone Cabling Pathway Systems

### Network Solutions

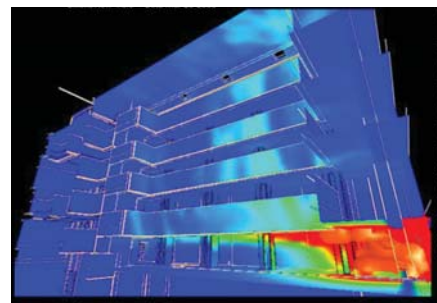

- Active Optical Network (AON)
- Passive Optical Network (PON)

### Network Architecture

- FTTH, FTTB, FTTC, FTTN and FTTE

## Design Engineering

We are specialised in design and detail Engineering of fire protection and MEP Services with the depth knowledge of local and international standards. Our services include an exceptional quality with a guaranteed timely delivery of projects.

Our Expertise covers Fire, MEP design and supervision including

- Local Civil Defence (PACDA) Approvals
- Systems Design
- FEED Documents
- Tender Documents
- Fire/Smoke/Egress Modelin
- Engineering Design Consultancy Services
- Engineering design outsourcing service
- MEP Detail Engineering services
- Electrical & instrumentation Engineering
- On-site Manpower Assistance
- Fire & Gas detection mapping Services
- Feasibility / Calculation / HAZOP Study
- Storage Tank Design & Detail Engineering Services
- Supervision of Installation works
- Project management Services

Maxitech has an in house construction division running operations & being managed by highly qualified and experienced personnel supported by technically efficient and competent workforce capable of handling the projects of different nature and volumes.

Maxitech Industrial & Construction division is backed by a team of highly efficient management specialized in medium and small industrial construction, focused on expansion in different fields of construction industry and is aiming for broadening its operational experience by way of its commitment for consistent performance record in construction industry.

The expertise available as an in house, a well capable of working in any dimension and does possess a specialization in the following sectors of MEP, Electro Mechanical and Civil Construction Work.

- Industrial Building construction projects
- Temporary and permanent camp facilities (EPC)
- Warehouse / Storage facilities, temporary and permanent shelters
- Structural Steel works
- Water Pumping Stations
- Sewage Treatment Plants
- All types of Maintenance and Repair work (FPS, MEP, Civil & Electromechanical)
- Oil & Gas and Petrochemical Industries
- Design Engineering of all MEP services
- Project Management

Maxitech is committed to the objectives of quality works and timely completion of the projects to the complete satisfaction of clients.
